LEARNING WITH FUN

ALWAYS STICKING TO THEORETICAL METHODS OF LEARNING WILL MAKE THE PROCESS BORING AND MONOTONOUS FOR KIDS. SO WE AT SHIKSHA MAKE SURE TO INDULGE OUR KIDS IN ACTIVITIES STIMULATING ALL THEIR SENSES.

CLASSROOM NEWS

FAUGET PRE SCHOOL

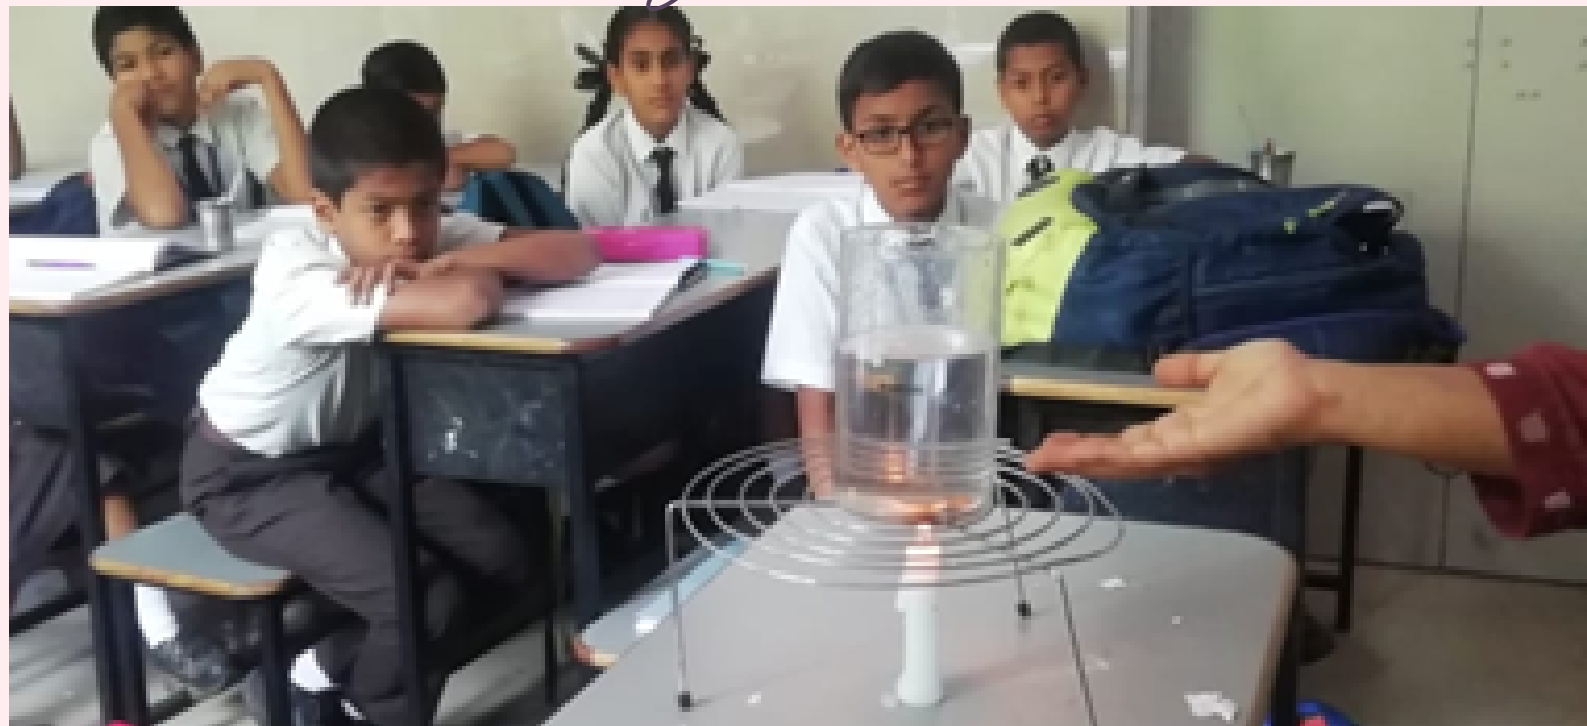

incessent studying can get taxing for students. Extra curriculars are the doorway to heathy growth, and are as important as studying. Shiksha focuses on it's students' holistic growth, by including peppy dance, art, and gaming sessions in their day to day activities.

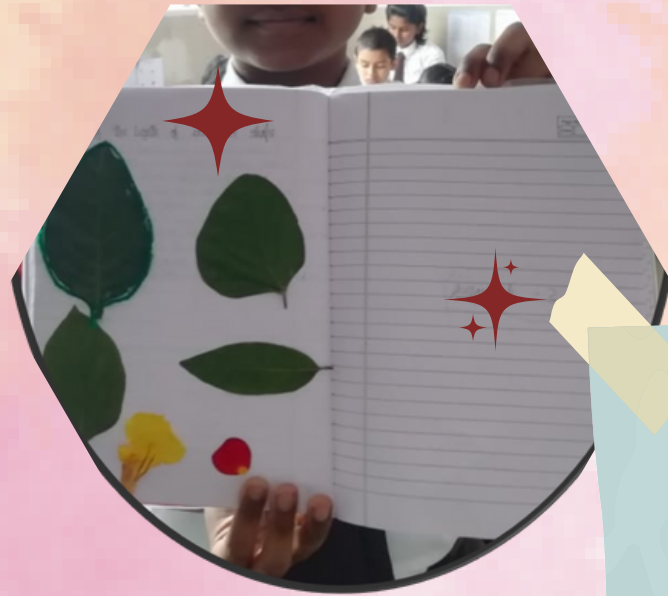

Science

SCIENCE
IS THE PROCESS
THAT TAKES US
FROM CONFUSION
TO UNDERSTANDING.

BRIAN GREENE

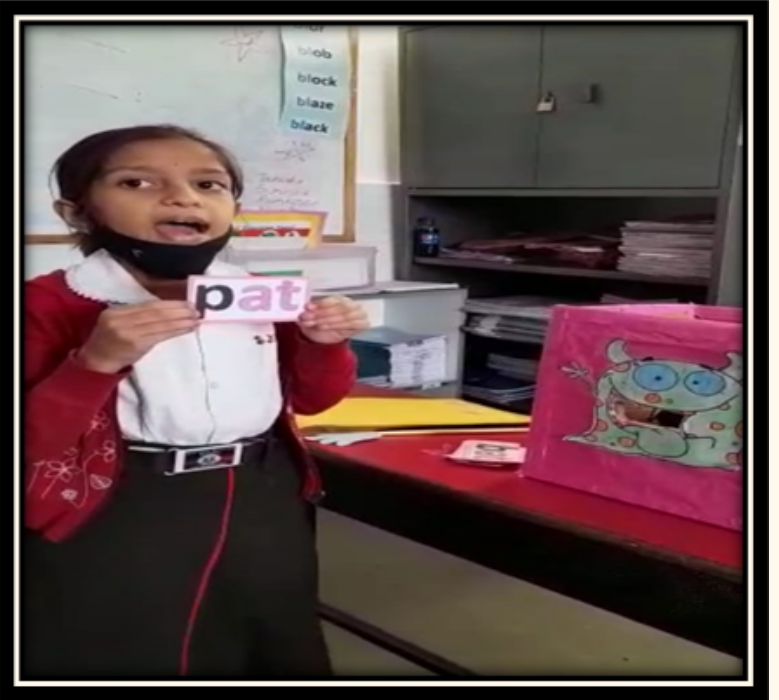

Scientific concepts are better understood through hands-on activities. It is also a more engaging and interactive way of learning. Activities are conducted for all grades at Shiksha as a part of their academics!

Initial sounds and letter game

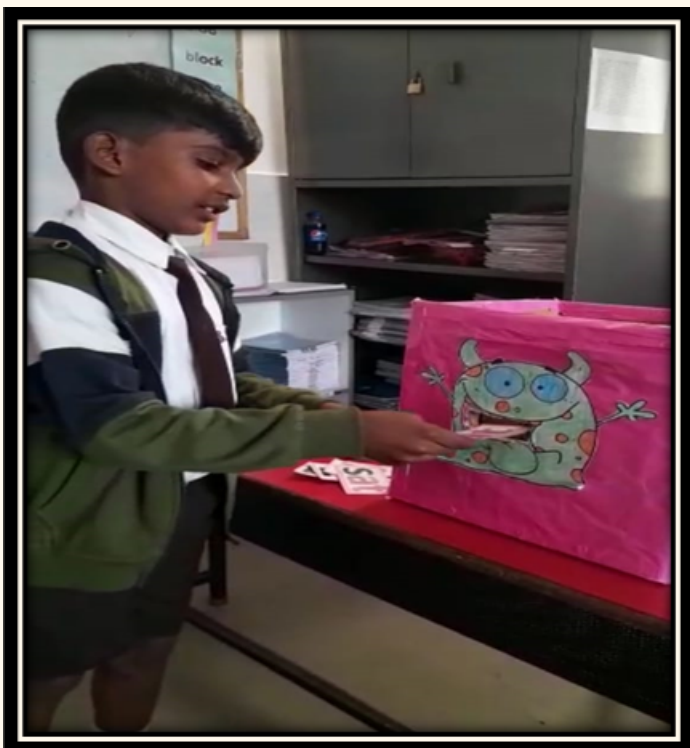

A child's first step in learning to read is mastering the alphabet. So here the kids of grade 1 try to identify the first letter for the given pictures. This is just one of many games conducted; games like this create a strong relationship between letters, paving the way for strong reading skills.

ITS GREAT REPETITION FOR YOUNG KIDS!

The monster letter game is about picking a card that has a three-letter word on it, which are to be read out loud. The child must then feed the hungry monster with the correct sounds. This helps reinforce the information that is already known while building their confidence!

A genuine smile comes from the heart, but a healthy smile needs

good dental care.

Here our toddlers learn the importance of dental care, and the right way of doing it!

heres a snap of our kidos learning the difference between kuchcha road and pucca roads with some fun hands on activities.

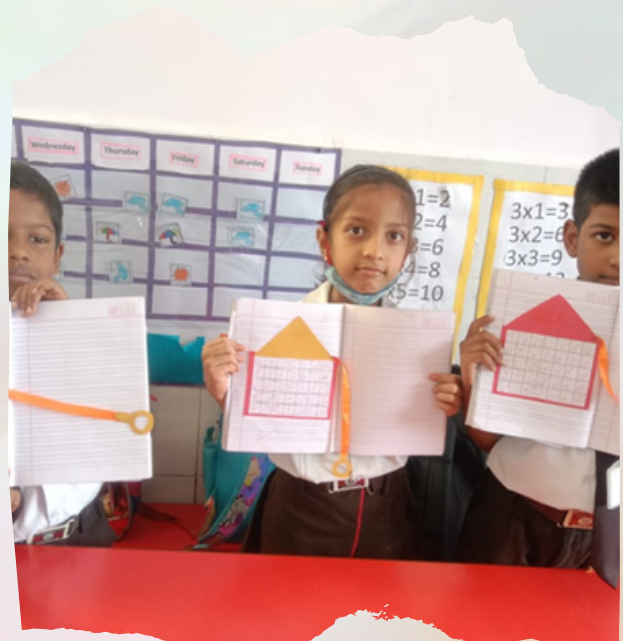

students enjoy enacting and demonstrating the people working in a bus.

Participating in activities is an effective way to develop communication and language skills. And our Niketanites have a tonne of activities lined up, giving them a gazillion opportunities!

The children of prep 2 identify the pictures in the given card and spell the correct word with their sounds.

This way, our toddlers learn phonics while playing !

Activity- types of leaves

**Science activities
conducted in class for
students from different
grades to help teach them
the process of
germination, marshy lands
and different types of
leaves!**
