

*Hello
October*

Bapu's Spirit in Every Step

Each step was a celebration of peace, love, and unity, turning their practice into a heartfelt tribute that made the day unforgettable.

Their passion and joy truly echoed the spirit of Bapu's timeless message.

This Gandhi Jayanti, our tiny dancers beautifully embodied Bapu's vision of harmony through their vibrant moves and radiant smiles.

2B CYBERNAUT 2K25: JOURNEY INTO ROBOTICS

“Building the Future, One Bot at a Time.”

The much-awaited Robotics Exhibition - 2K CYBERNAUT was held at Shiksha , bringing together innovation, teamwork, and futuristic thinking under one roof.

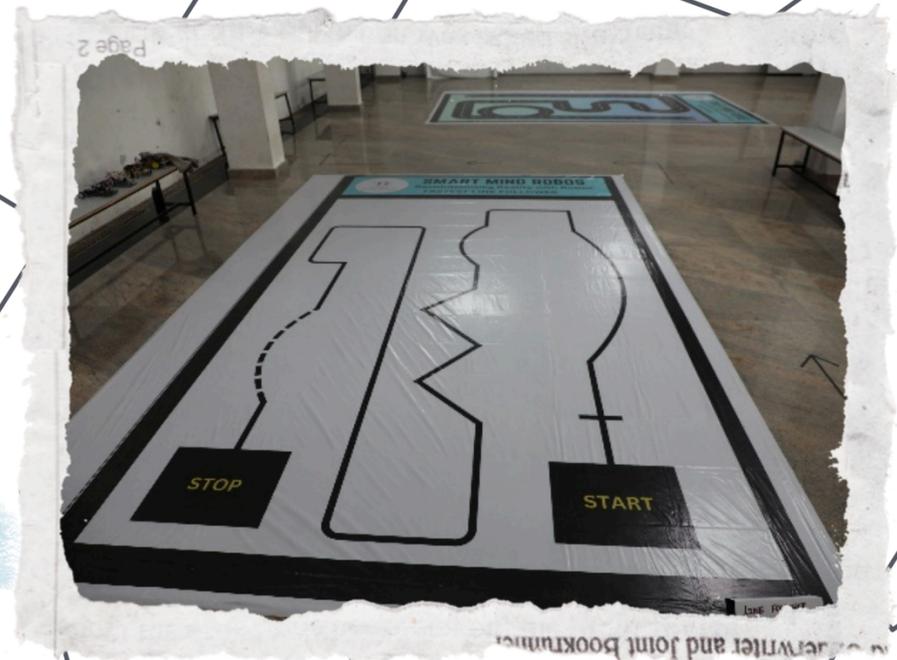

Weeks of preparation, brainstorming, and experimentation led to a stunning showcase of creativity and futuristic thinking.

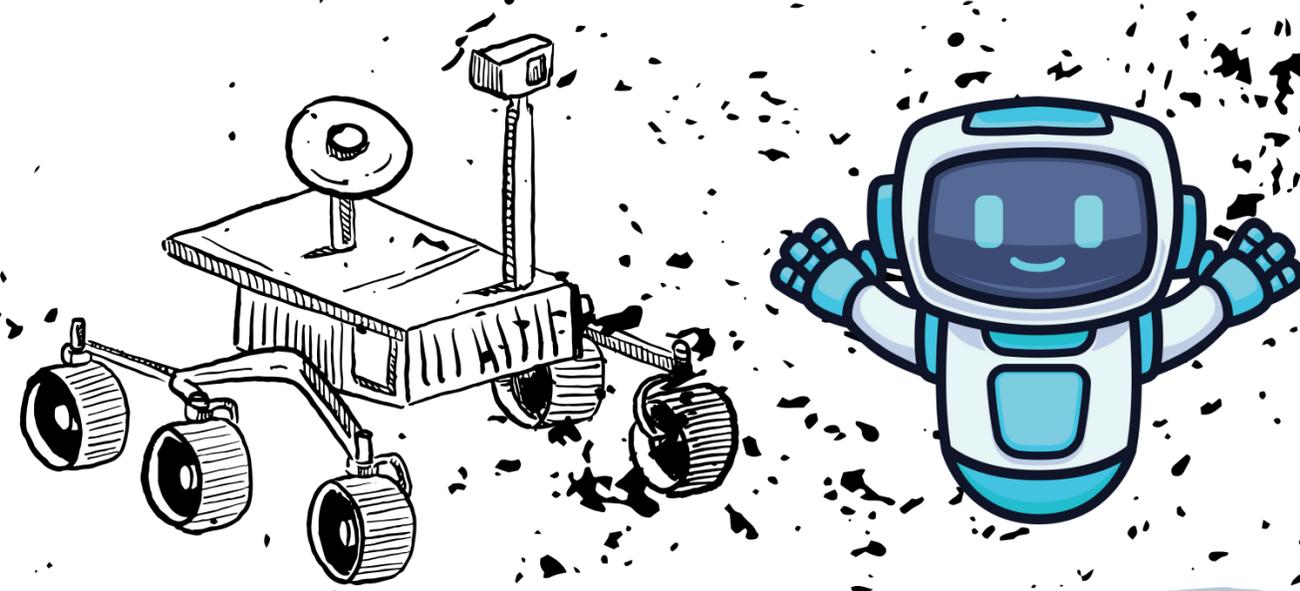

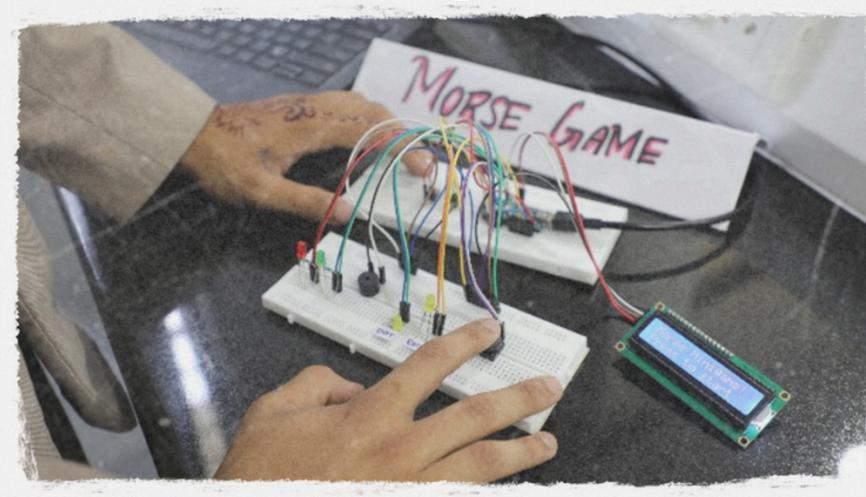

Each student showed great enthusiasm and dedication, spending days learning, experimenting, and building. Their hard work proved that when young minds are given a chance to explore, they can achieve incredible things.

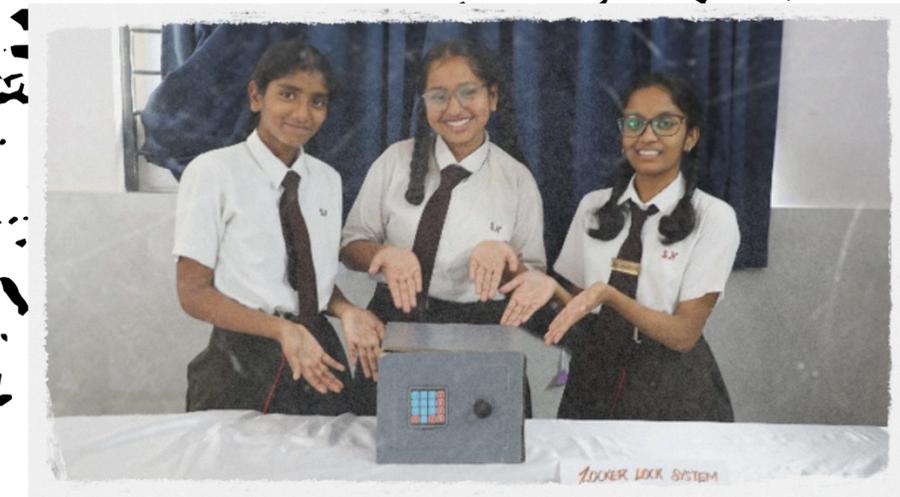

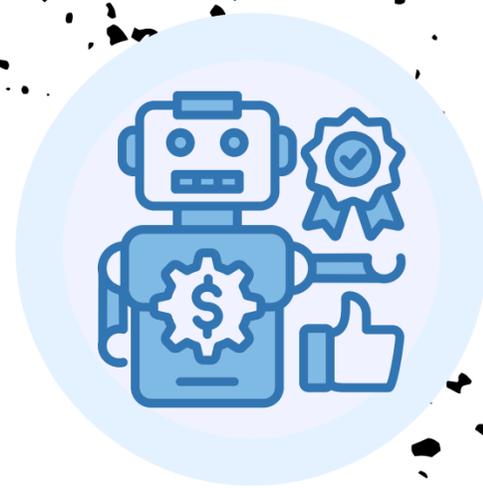

The students demonstrated not only their technical skills but also problem-solving abilities, leadership, and collaboration – qualities that define true innovators.

The heart of 2K CYBERNAUT was not just in the robots or technology on display, but in the young minds that brought every idea to life. Our students worked with passion, creativity, and determination, turning imagination into innovation.

Radiant Diwali: Lights, Joy, and Little Stars

Let's shine together, spreading warmth and happiness that lasts beyond the festival!

This Diwali, our little Shiksha stars ignited the spirit of light and joy with dazzling dances, heartfelt skits, and melodious songs.

Their colorful diya crafts flicker with hope, reminding us that even the smallest flames can chase away the darkest nights.

May Goddess Lakshmi's blessings shower your home with endless peace, prosperity, and kindness.

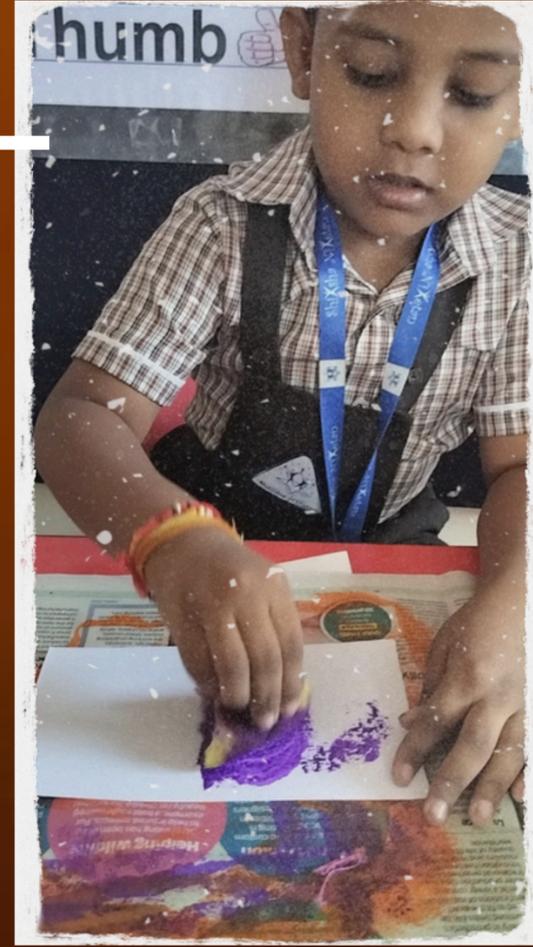

As we celebrate Lord Rama's triumphant return to Ayodhya.

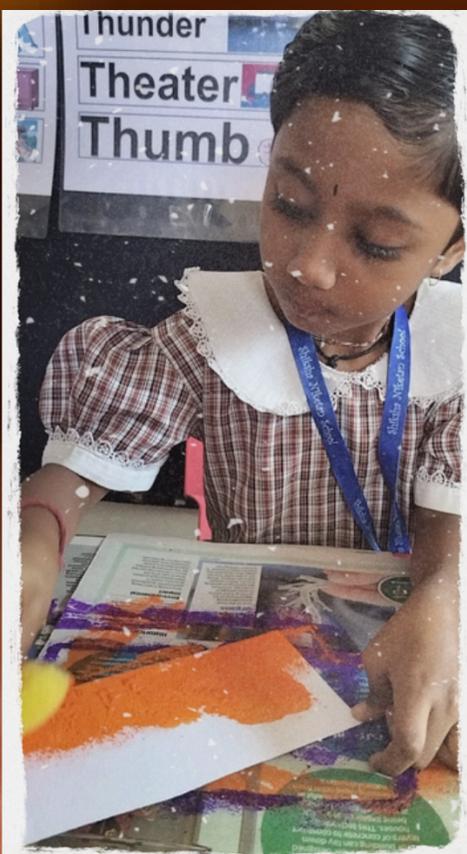

CRAFTING LIGHT , SPREADING LOVE

This Diwali, our young creators embraced the festival's true spirit by crafting radiant Diyas with their own hands.

Each diya they made reflects not only creativity but also the warmth and positivity Diwali brings into our lives.

Through this beautiful craft, the children learned that even small acts of care and imagination can illuminate the world around us.

GLOW AND JOY: GRADE 5 DEEPAVALI CELEBRATION

The students of Grade 5 celebrated Deepavali with great enthusiasm and joy during the assembly.

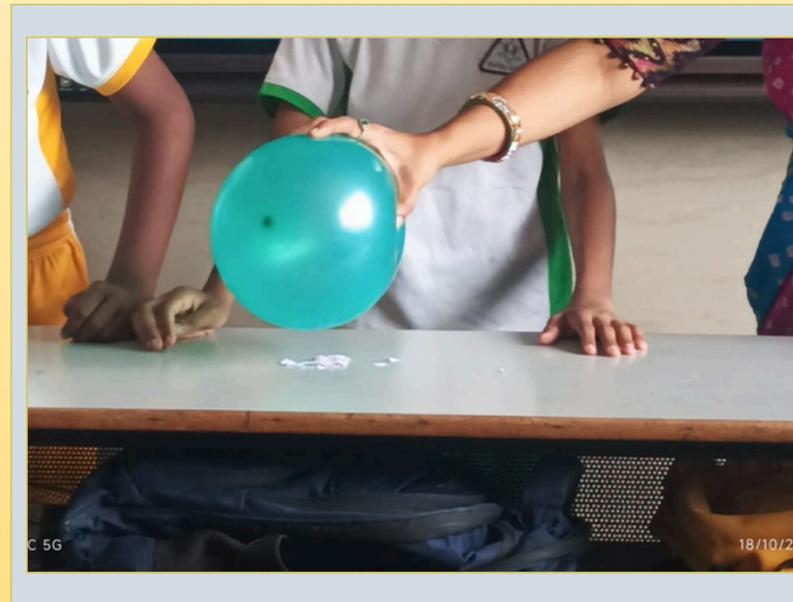

“Through vibrant songs, skits, and dances, they embraced the festival’s true meaning the triumph of good over evil and light over darkness

“The assembly left them with a deeper understanding of togetherness and the importance of sharing love and light in everyone's lives, creating joyful memories with friends and teachers alike.

Charged Up: Grade 7's Electrifying Science Experiment

The room filled with gasps as tiny paper bits magically jumped to balloons, revealing how opposite charges attract and like charges repel.

Grade 7 students sparked excitement as they explored static electricity using balloons, paper, and combs.

The classroom buzzed as students rubbed balloons, made paper dance, and created sparks—discovering how rubbing transfers electrons to form charges. “It’s like capturing invisible energy!” one said.

Thank
you
